Manifesto for Agile Software Development

We are uncovering better ways of developing
software by doing it and helping others do it.
Through this work we have come to value:

Individuals and interactions over processes and tools
Working software over comprehensive documentation
Customer collaboration over contract negotiation
Responding to change over following a plan

That is, while there is value in the items on
the right, we value the items on the left more.

but only in its entirety (through this notice).

SPRINT IV

SPRINT V

SPRINT VI

Story ID	Story Title	Target Sprint	MoSCoW / Delivery	Scope & Core Focus
US-01	Landing Page & Guest Navigation	Done	Sprint 1 (Done)	Landing page layout, value proposition, and "Login as Guest" navigation.
US-01A	UI Polish & UX Improvements	Done	Sprint 2 (Done)	UI polish, layout cleanup, spacing and alignment improvements, dropdown layout hierarchy, and improved overall user experience.
US-02	User Input Form, State & Field Validation	Done	Sprint 3 (Done)	Form UI (ToR's map your path?), field validations (Email, Career Goal, Time Commitment), inline error handling, and state storage.
US-02B	AI API Integration & System Feedback	Done	Sprint 4 (Done)	Gemini Flash 2.5 API connection, fallback logic ("Beginner" default), loading spinners, and error handling.
US-06	User Authentication (Sign Up & Log In)	Done	Sprint 4 (Done)	User registration, login UI forms, auth flow, token/session handling.
US-03	Learning Path Display & Milestones	Done	Sprint 5 (Done)	Render structured AI output into timeline modules, milestone cards, and recommended resources.
US-04	Progress Tracking & Interactive Checkboxes	Done	Sprint 5 (Done)	Allow users to mark milestones/tasks as complete, with dynamic progress indicators.
US-05	Export & Share Learning Path	Done	Sprint 5 (Done)	Export learning path to PDF via a PDF button. Windows+ export and local sharing an out of scope.
US-07B	User Profile & Personalization	Planned	Sprint 6	User profile page to view and update personal info, learning statistics, and access saved paths. Editable profile fields, user profile, and basic settings.
US-07	Saved Paths & History Dashboard	Planned	Sprint 6	User dashboard to browse, reopen, and delete previously generated learning paths.
US-09	UI Polish, Responsive Testing & Final QA	Planned	Sprint 6	Production launch, bug fixes, final QA, responsive testing, deployment readme, README updates, and showcase presentation prep.
US-08	Custom Milestones & Path Editing	Canceled	Canceled	Allow users to manually add, edit, or remove custom steps inside an existing learning path.
